

EULESS TODAY

Did you know... You can check out digital books, audio books and music with your library card?

Dear Citizens,

Eules Main Matters! You know and I know that Eules Main Street is filled

with great small businesses that really need our help right now. Please continue to eat and shop at these stores during the reconstruction of the Main Street Bridge. Our businesses need our support!

September usually means cooler weather. So it's a great time to get out and experience some of the wonderful outdoor recreational facilities we have in Eules. A favorite of mine is Texas Star Golf Course. It is a beautiful place to spend a day golfing. And, if you've never played golf or need a refresher, the pro shop offers a variety of lessons and clinics. If you prefer something indoors, there's not a better place to enjoy a meal than on the patio at Raven's Grille.

The Dallas 9/11 Memorial Stair Climb

*September 10
Renaissance Tower, 1201 Elm St,
Dallas, TX 75270*

The Dallas 9/11 Memorial Stair Climb is a tribute honoring the sacrifices of fallen heroes - both near and far. Fulfilling a promise to "Never Forget" their brothers and sisters who have died in the line of duty, 343 firefighters, 70 law enforcement officers and 9 EMTs (the number of firefighters/law enforcement/EMTs that perished with the collapse of the Twin Towers) climb 110 floors (the height of the former World Trade Center Twin Towers).

Participants represent a first responder who lost their life in 9/11. They carry a tag and wear a badge with the name and photo of their honoree. Four Eules Firefighters and one alternate have been selected to climb the 110 floors this year. Registration is very exclusive. So many want to participate that registration fills up very quickly. In less than a minute this year, all 343 spots filled up for the opportunity to climb. Alternates are selected in case of no-shows, but because of all the post 9/11 deaths from cancer and other related illnesses, the alternates climb as well.

Firefighters carry their full bunker gear and air packs which add an additional 80-100 pounds. Eules Fire Inspector/Investigator Drew Washington climbed last year and has been selected again this year. Last year he represented Lt. Michael Healey of Squad 41 and hopes to represent him again. "Most of us research who they were, what they did and where they were at the time. Lt. Healey wasn't even on duty. He grabbed his gear and got on a truck."

There are climbs all over the country, but the Dallas climb is one of the largest climbs in the country so there are a lot of high-ranking FDNY and NYPD officer that come down for this event.

There are a lot of symbolic rituals at the event including honor guard presentations, which included members of the Eules Police last year, ringing a bell every time someone places their accountability tag indicating that the individual they climbed for has made it to the top. Drew encourages people to come out, "I highly recommend everyone go out there to pay tribute and watch. It's like nothing you have ever seen."

September 11 Observance

Friday, September 9, 9 a.m.

9/11 Memorial, 201 N. Ector

The City of Eules is the proud owner of an artifact from the World Trade Center. The artifact is a 12-foot long, 6,000-pound steel beam from the September 11, 2001, terrorist attacks. This memorial is displayed in front of the Eules Fire Administration Building as a memorial to the thousands killed that tragic day. Please join us for a ceremony to remember the lives of the heroes that were lost during the attack on our nation.

Water University: Seed Harvesting and Seed Saving

*September 22, 6:30 - 8:30 p.m.
Eules City Hall, 201 N. Ector Dr.*

Many native or adapted perennial plants and wildflowers can be propagated by seed relatively easily. Learn the basic challenges and rewards of seed saving including seed selection, harvesting strategies, germination and or dormancy requirements as well as planting times and techniques for successful reproduction of some of our favorite water efficient plants! A plant list will be provided. At the end of the program we'll make seed bombs to throw in specific native areas within our park system to help encourage pollinators in Eules.

These programs are taught by the Texas A&M AgriLife Research and Extension Center. The events are free, but you must register to attend. Please register online by visiting www.eulesstx.gov/wateruniversity or call 817-685-1821 for more information.
